ITEMS OF SPECIAL INTEREST

Budget Realignment

The committee's recommendation in this title includes a realignment of \$2.1 billion from the budget request for programs and projects relating to the global war on terror. The committee's recommendation would ensure that funding relating to the global war on terror is accurately consolidated in this title as well as facilitate proper execution of the funds during fiscal year 2006.

Procurement

The committee's recommendations for procurement in this title include continued support of the force protection needs of units deployed and engaged in the global war on terrorism. Included in the force protection recommendation is funding for Up-Armor High Mobility Multipurpose Wheeled Vehicles (HMMWV), tactical wheeled vehicle recapitalization and modernization programs for the most heavily used vehicles in Operation Iraqi Freedom and Operation Enduring Freedom, night vision devices and improvised explosive device jammers. In addition, the committee recognizes the need to replenish critical small arms and ammunition procurement programs. Included in the small arms and procurement recommendation is funding for the M16 rifle, M240 medium machine gun and M4 carbine modifications and .50 caliber cartridges, 120mm tank ammunition canister, and 155mm high explosive projectiles

The budget request contained \$129.7 million for Special Operations Forces (SOF) rotary wing upgrades and sustainment, but included no funds for the MH–47 infrared engine exhaust suppressor. The committee understands that these helicopter heat suppressors are a critical force protection requirement for the Army SOF MH–47 fleet now operating in a hostile environment, and believes that the entire fleet should be protected as soon as these suppressors can be manufactured. The committee notes that this item is on the unfunded priority list of the Commander, Special Operations Command. The committee recommends \$137.5 million for SOF rotary wing upgrades and sustainment, an increase of \$7.8 million for the procurement of additional MH–47 infrared engine exhaust suppressors.

Operations and Maintenance

The military departments and defense agencies need operations and maintenance funds to pay for food, fuel, spare parts, maintenance, transportation, camp, post, and base expenses associated with Operation Iraqi Freedom (OIF) and Operation Enduring Freedom (OEF). Without additional funding at the start of fiscal year 2006, the military departments will be forced to use third and fourth quarter funds in the initial months of fiscal year 2006 to pay for OIF and OEF costs. The committee's recommendation includes costs associated with Operation Noble Eagle as well as the additional costs incurred by stateside installations for increased mobilizations and demobilizations due to OIF and OEF.

Military Personnel

Over the past three years, the committee has recommended increases in the active component manpower to sustain the full range of capabilities required of the mission assigned to the armed forces. The committee recommends funding in this title a cumulative active component increase of 30,000 for the Army and 4,000 for the Marine Corps over and above the budget request. Included in the committee's recommendation are the costs associated with Operation Noble Eagle as well as continued support for the recent benefit increases to the death gratuity and Survivor's Group Life Insurance.

SUBTITLE B—PERSONNEL PROVISIONS

Section 1521—Increase in Active Army and Marine Corps Strength Levels

This section would increase the active strengths for the Army and Marine Corps for fiscal year 2006 by 30,000 and 4,000 respectively above the authorizations contained in section 401. These increases would provide fiscal year 2006 authorized end strengths for the Army of 512,400 and for the Marine Corps of 179,000. This section would also establish new minimum active duty end strengths for the Army and Marine Corps as of September 30, 2006, that reflect the committee's recommendations for Army and Marine Corps end strengths provided by this section. The section would require the Secretary to provide the funding in the budget request in fiscal year 2007 and thereafter, if he proposes to increase the Army or the Marine Corps active duty personnel end strengths as authorized by this section.

Section 1523—Military Death Gratuity Enhancement

This section would authorize an increased death gratuity of \$100,000 to be paid to designated beneficiaries of military deaths resulting from wounds, injuries, and illnesses incurred as a result of combat related circumstances to include armed conflict, hazardous service, performance of duty under conditions simulating war, or through an instrumentality of war, or incurred in a combat operation or zone as designated by the Secretary of Defense. The section would continue the death gratuity increase authorized in section 1013(e)(2) of division A of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005 (Public Law 109–13).

Section 1524—Permanent Prohibition Against Requiring Certain Injured Members to Pay for Meals Provided by Military Treatment Facilities

This section would preclude service members undergoing medical recuperation, therapy, or other forms of continuous care at a military treatment facility from being charged for meals provided by that medical facility so long as the injury, illness or disease was incurred or aggravated while serving on active duty in support of Operation Iraqi Freedom or Operation Enduring Freedom, or any other combat operation or zone designated by the Secretary of Defense. The section would continue the restriction against charging for meals that was authorized in section 1023 of division A of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005 (Public Law 109–13).

Section 1525—Permanent Authority to Provide Travel and Transportation Allowances for Dependents to Visit Hospitalized Members Injured in Combat Operation or Combat Zone

This section would expand the authority for family members to travel within the Untied States at government expense to visit hospitalized wounded service members who are not seriously ill or injured or near death when the injury was incurred while the member was serving in a combat operation or zone as designated by the Secretary of Defense. This section would continue the transportation benefits that were authorized in section 1026 of division A of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005 (Public Law 109–13).

Section 1526—Permanent Increase in Length of Time Dependents of Certain Deceased Members May Continue to Occupy Military Family Housing or Receive Basic Allowance for Housing

This section would increase the period that surviving family members of service members who die on active duty would be authorized to reside in government quarters or to receive basic allowance for housing to support a private sector residence from 180 days to 365 days. This section would continue increased housing benefits that were authorized in section 1022 of division A of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005 (Public Law 109–13).

Section 1527—Availability of Special Pay for Members During Rehabilitation From Combat-Related Injuries

This section would authorize the secretary concerned to pay \$430 per month to a service member with a combat related injury sustained in a combat operation or zone designated by the Secretary of Defense. The pay would begin the month immediately following medical evacuation from the area of the combat operation or the combat zone after the member incurred a wound, injury, or illness that resulted from armed conflict, hazardous service, performance of duty under conditions simulating war, or through an instrumentality of war. The pay would terminate at the end of the first month during which one of the following occurs:

- (1) The member is paid a benefit under the traumatic injury rider of the Servicemembers' Group Life Insurance (SGLI) authorized section 1032 of division A of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005 (Public Law 109–13).

The section would also require the secretaries to provide information about the allowance to members serving in the OEF and OIF theaters and members projected to serve there and to afford such members the opportunity to obtain SGLI insurance coverage or increase their existing coverage.

Subtitle C—Matters Involving Support Provided by Foreign Nations

Section 1531—Reimbursement of Certain Coalition Nations for Support Provided to United States Military Operations

This section would authorize the Secretary of Defense to reimburse foreign military forces for costs they incur in support of U.S. military operations. Since September 11, 2001, several countries have undertaken military operations specifically in support of U.S. military operations in the global war on terrorism. These include Pakistan, Jordan, and other states that would otherwise lack the financial means to support U.S. military operations. In supplemental appropriations, the Congress has provided the Secretary with funds to be used to reimburse those countries. By April 2005, the Secretary is expected to reimburse Pakistan for roughly \$704.0 million in expenses it incurred in fiscal year 2004. In fiscal year 2005, the Secretary expects to reimburse the government of Pakistan for roughly \$1.2 billion in expenses it incurs, largely as a result of military operations along the Afghanistan-Pakistan border. This section would enable the Secretary to continue reimbursing countries for their support during fiscal year 2006.

TITLE XVI—CONTRACTORS ON THE BATTLEFIELD REGULATORY ACT

OVERVIEW

This title would address the myriad of issues related to contractors on the battlefield. The committee is concerned that the Department of Defense has not taken the actions necessary to regulate and account for this growing segment of personnel present in the Department's various areas of operations. This title would define both contractors "accompanying the force" and "not- accompanying the force." This title would specifically address combatant commander policy regarding contractors on the battlefield. Additionally, this title would address the issue of force protection for contractors on the battlefield and policies related to contractors on the battlefield carrying weapons. The committee is concerned that the Department has not adequately addressed the issues of communication and open-source intelligence sharing between the military and contractors on the battlefield.
